

La

prise de sang

Tout le monde

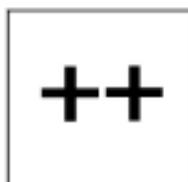

fait

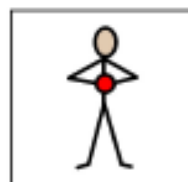

la

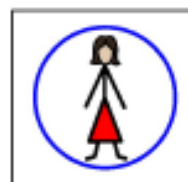

prise de sang.

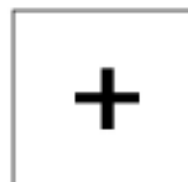

Aussi

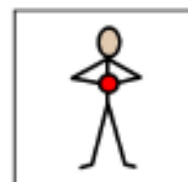

ma

mère

et

mon

père

font

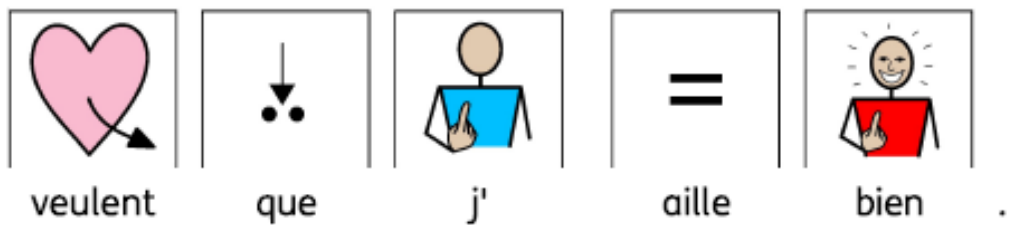

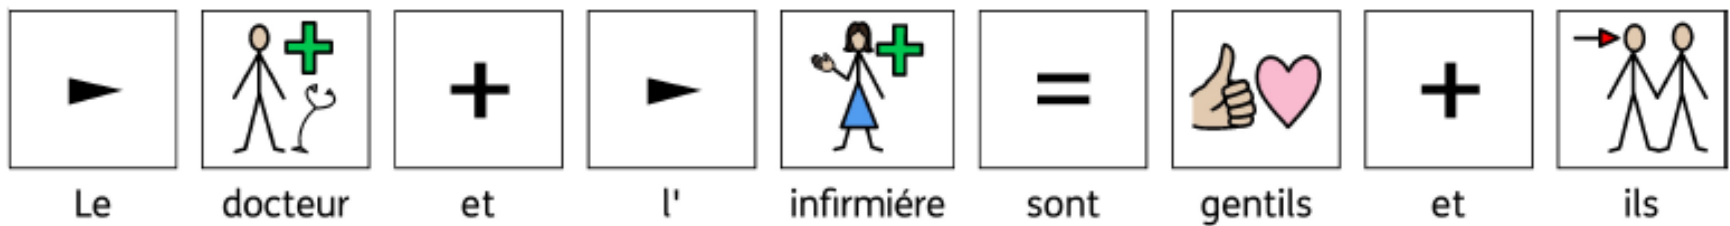

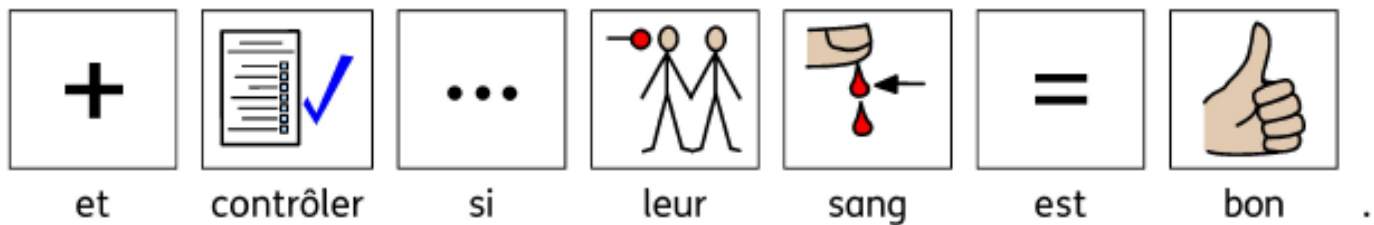

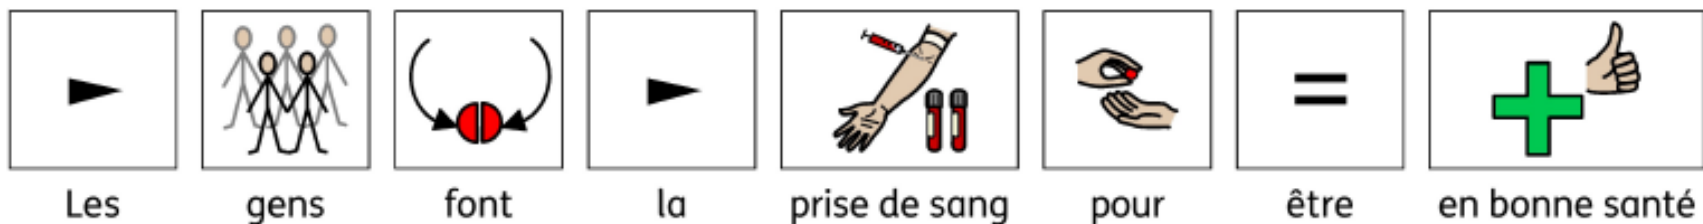

le

test

sanguin .

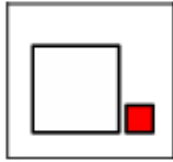

Je

ressens

un

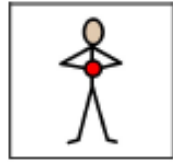

petit

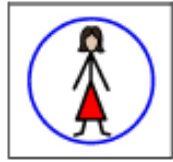

pincement ,

mais

ma

mère

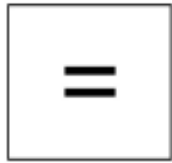

et

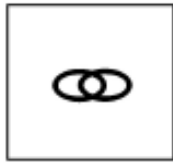

le

docteur

sont

avec

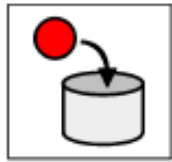

moi .

Le

docteur

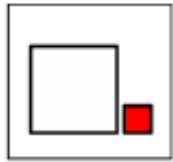

met

une

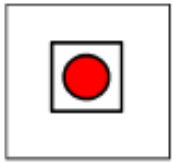

très

petite

aiguille

dans

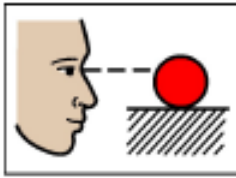

mon

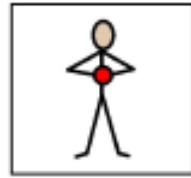

bras .

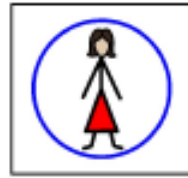

Je peux

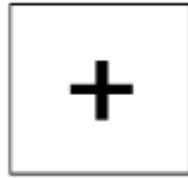

regarder

ma

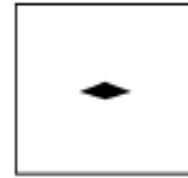

mère

et

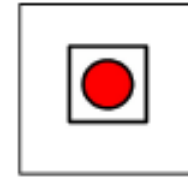

tenir

un

jouet

dans

ma

main

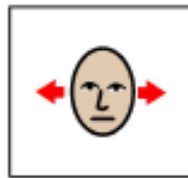

J'

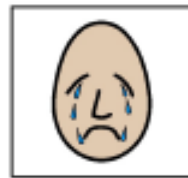

essaye

de

ne pas

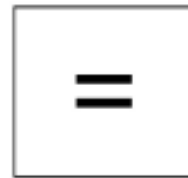

pleurer

et

d'

être

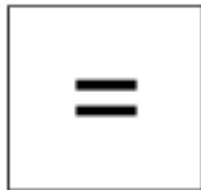

fort

Ma

mère

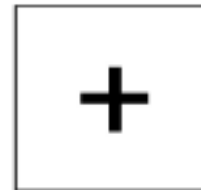

est

avec

moi

et

si

j'

ai besoin

elle

me

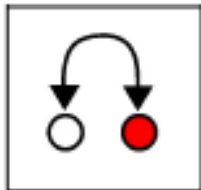

chante

une

chanson

ou

elle

me

montre

un

livre

amusant

!

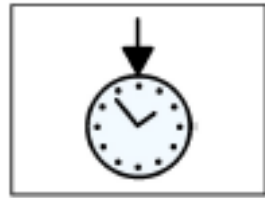

J'

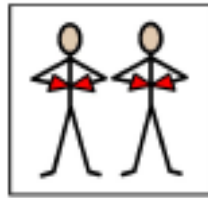

ai fini

.

Maintenant

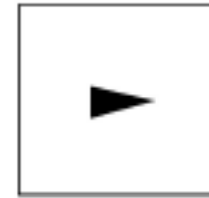

nous

pouvons

prendre

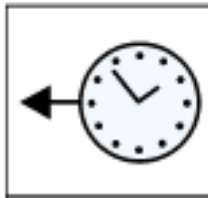

le

petit déjeuner .

J'

étais

super

!
